Important information:

- Automatic Crash Notification ("ACN") may be enabled for up to six months without activating a trial or paid subscription; Manual Emergency Call feature and all other VW Car-Net Security & Service features require trial or paid subscription.
- The vehicle's location information is transmitted to VW and our VW Car-Net Security & Service provider, Verizon Telematics ("VZT"), in the following situations: (1) when you press a VW Car-Net Security & Service button, (2) when an Automatic Crash Notification event occurs, or (3) periodically in connection with the operation of VW Car-Net Security & Service, if you have activated a trial or paid subscription. To turn off VW Car-Net Security & Service services, you must push the "i-Button" to talk to a Car-Net Customer Specialist.
- Unless VW Car-Net Security & Service equipment is completely disabled in the vehicle, it may be possible for VW and VZT to determine the car's location if required to do so by law, court order, subpoena, or other legal requirements.
- Full function of VW Car-Net Security & Service services requires vehicle cellular connectivity and availability of vehicle GPS signal.
- Your vehicle may collect and transmit information that helps you, VW, and VZT understand how you use your vehicle.

A Car-Net of security.

VW Car-Net Security & Service can help you locate a new restaurant. And with the mobile app, it can even help connect to friends and family by sending addresses directly from your contacts to your compatible VW navigation system. But at the end of the day, security needs to come first. And it does — thanks to top-notch features like Automatic Crash Notification (ACN)¹; 1-touch emergency call, and Roadside Assistance.³ Your car and VW Car-Net Security & Service: a heightened sense of security.

- Receive automatic specialist assistance in a collision in which airbags deploy.⁴
- Call for help in an emergency or if you need Roadside Assistance.³
- Stolen Vehicle Location Assistance can help law enforcement recover your stolen vehicle using GPS.⁵

Help. Even when you're nowhere near it.

Stay in control even when you're away and see how your Volkswagen is doing. Here are just some of the ways VW Car-Net Security & Service helps you help your Volkswagen.

- Get help scheduling a dealer visit.
- Search for a dealer and send the address to your vehicle.
- Get a Vehicle Health Report in a monthly email.⁸

Connect to your car, whether near or far.

Whether it's from your desktop computer or your compatible iPhone or Android device, Remote Vehicle Access allows you to be close to your Volkswagen. Lock or unlock your vehicle's doors⁶; locate where you parked (if you forget)⁷; activate the horn and flash the lights, and more. Be in touch, with a simple touch — with VW Car-Net Security & Service.

- Remotely lock/unlock your vehicle's doors.⁶
- Find your vehicle on a map if you forget where you parked.⁷
- Send destinations to your compatible navigation system.
- View the status of your vehicle's doors, hood, trunk, and more.
- Activate the horn and flash the lights.
- Get assistance from a live specialist.

Keep your guard up.

One of the easiest ways to help keep your car protected is to know where it is. Simply set boundary and speed parameters, outlining specific areas that your car should be in and the maximum speed you feel it should travel. Then get text message or email updates if your car is driven outside the parameters you set.⁹ Welcome to the modern age of car protection.

- Set speed parameters and receive alerts if they're exceeded.
- Set boundary limits and receive alerts if they're crossed.
